

Mobile POS Release Note 2024-0-12

Enter guest count at check-in

You can now enter guest count at check-in if you have selected this option for the department.

When you check-in a table, where a guest count has not already been entered, you will be required to enter the guest count:

The screenshot shows a dialog box titled "Number of persons". It features a minus sign button on the left, a text input field containing the number "2", and a plus sign button on the right. At the bottom, there are two buttons: "Cancel" and "OK".

Post negative payments

In Payment you can now post negative amounts:
